

# WIN WITH WeatherTRAK® ET Pro3™

## Upgrade Your Site's Smart Water Management with the Latest WeatherTRAK Technology

WeatherTRAK, the industry's most powerful cloud-based outdoor water management platform, provides top of the line technology and innovation with the ET Pro3 controller. The higher station count option, additional flow management & monitoring and increased scheduling flexibility make upgrading from an older ET Pro2 controller a good decision.

### UPGRADING PROVIDES

#### **NEW 5 Year Warranty with Each Controller**

- 7 and 10 year extended warranty options

#### **NEW High Station Count Flexibility**

- Modular configuration from [12 up to 96 stations](#)
- Reduced installation and maintenance time and cost
- Simple single point of management

#### **NEW Flow Capability**

- Supports up to 4 Flow Sensors and 4 Master Valves
- Multiple flow configurations

#### **NEW Firmware Updating via the Cloud**

- New features and firmware pushed "over-the-air" using WeatherTRAK Cloud Update

#### **Simple Service Transfer**

- All upgrades include FREE data transfer of all controller settings, report data and service

#### **NEW Enhanced Programming Capability**

- 8 independent programs
- Meet all drought and compliance restrictions
- Meet all site specific water window needs

#### **NEW and Improved Communications**

- Integrated 4G cellular network communications
- Share one rain sensor across controllers

#### **NEW Modular Platform**

- More cost effective maintenance and easier integration and expansion with more 3rd party devices

**Don't wait, upgrade your controller today!**

2. ET Pro2 Panel Returned to HPDS with Included Call Tag

## FREQUENTLY ASKED QUESTIONS

### WHAT HAPPENS TO MY WEATHERTRAK CENTRAL INTERNET MANAGEMENT SERVICE?

If the controller has WeatherTRAK CIM Service, the service will be directly transferred from the WeatherTRAK ET Pro2 or ET Pro2 Smart Water Manager controller to the new WeatherTRAK ET Pro3 controller.

**NOTE:** HydroPoint will disable the original WeatherTRAK ET Pro2 or ET Pro2 Smart Water Manager controller and it can no longer be used.

### IF A CUSTOMER PURCHASES AN ET PRO2 OR ET PRO2 SWM UNDER WARRANTY, HOW LONG WILL THERE ET PRO3 WARRANTY BE?

The ET Pro3 warranty will be a 5-year warranty if they purchased a standard ET Pro2 or ET Pro2 SWM warranty. If the ET Pro2 or ET Pro2 SWM is on an active extended warranty, the warranty on the upgraded Pro3 will be the longer of the standard 5-year warranty or the remaining duration on the extended warranty.

### CAN I PRE-ACTIVATE A WEATHERTRAK ET PRO3 UPGRADE CONTROLLER?

**Yes.** Visit [hydropoint.com](http://hydropoint.com) and click the "Activate" link at the top right of the page, or contact Customer Support at 1-800-362-8774. Please contact Customer Support immediately after installation to transfer settings and report data otherwise you may lose data.

### CAN I USE MY WEATHERTRAK ET PRO2 OR ET PRO2 SWM UNIT AS REPLACEMENT UNIT?

**No.** Once upgraded to a ET Pro3, the original ET Pro2 or ET Pro2 SWM unit cannot longer be activated or used.

### CAN I TRANSFER MY SETTING AND REPORT DATA TO MY UPGRADED ET PRO3?

**Yes.** You must activate the ET Pro3 unit immediately after you replace the ET Pro2 or ET Pro2 SWM, and request customer service to transfer information otherwise you may lose data.

### WHAT DATA DO I NEED TO ACTIVATE MY UPGRADED ET PRO3?

The user will need to provide the following data to customer service at activation:

- SN of ET Pro3
- SIM card # of ET Pro3
- SN of original ET Pro2 or ET Pro2 SWM being upgraded
- SIM card # of original ET Pro2 or ET Pro2 SWM being upgraded

### WHY DO YOU NEED MY ET PRO2 OR ET PRO2 SWM SERIAL NUMBER?

HydroPoint will validate the ET Pro2 or ET Pro2 SWM serial number.
